

The SuperSkiCard – your ticket to countless winter experiences

Unique. Varied. In 23 regions.

Starting on 11 October 2025 and running until 3 May 2026, the SuperSkiCard offers one of the longest winters in Europe – and opens the doors to 88 ski resorts, 2,843 kilometres of slopes, 938 lifts and 814 huts. Skiers and snowboarders can look forward to a particularly varied range of options in 23 ski regions, spread across the most beautiful winter sports landscapes in Salzburg, Tyrol, Carinthia, Upper Austria, Styria and Bavaria. Whether you are looking for sporty challenges in the high mountains, enjoyable descents for the whole family or legendary World Cup resorts – with just one ticket, you can experience a unique and diverse winter.

The SuperSkiCard offers much more than just access to skiing days – it stands for genuine winter experiences that impress with their diversity, flexibility and cross-border opportunities. “Our aim with the SuperSkiCard is not merely to offer a ticket, but to create a holistic experience throughout the entire winter”, emphasises Dr Erich Egger, Chairman of the SuperSkiCard ski association. “What makes the SuperSkiCard so special is the combination of an exceptionally wide range of offers, one of the longest seasons in the alpine regions and a well-structured, customer-friendly pricing system”.

Digital added value: Personal ski days at a glance

From the 2024/25 season onwards, winter sports enthusiasts can easily track their ski days, slope kilometres and vertical metres completed with the SuperSkiCard in digital form. Using the Skiline app, personal skiing experiences can be conveniently accessed at any time. Whether it is the SuperSkiCard Premium, the 10-day flexible ticket or regular ski passes, after a one-time registration Skiline offers an additional service feature for everyone who enjoys recording their ski days in numbers.

Save now: Early Bird Sale until 4 December 2025

Those who purchase their SuperSkiCard (Premium or 10-day flexible ticket) till and including 4 December 2025, will save money. The SuperSkiCard Premium for adults is available at a pre-sale price of € 999 (€ 1,145*), for U25 at € 858 (€ 1,145*), for youth at € 733 (€ 858*), and for children at € 483 (€ 572*). *Standard prices apply from 5 December 2025.

Purchase your SuperSkiCard now in the **online ticket shop** and receive a personalised, rechargeable KeyCard. The personalised KeyCard is available exclusively to customers who order via the SuperSkiCard ticket shop. Customers with a KeyCard can recharge their SuperSkiCard Premium in the ticket shop and get started right away.

Family bonus: Save together, enjoy together

Families with several children receive a free SuperSkiCard Premium for all additional children/youth (born in 2007 or later) in the family when the two oldest children/youth purchase the SuperSkiCard Premium together. The family bonus is only available at the cable car cash desks. Proof of family allowance in Austria or child benefit notice in Germany is required. A U25-ticket does not count as a child or youth ticket for the family bonus.
